**SPECIAL
EVENTS**

„Bread and Circuses for the people“ said Julius Caesar once and was aware of the importance of events. Even the Romans organized gladiator fights. Since the Middle Ages there were contests and tournaments with knights. According to that events were organized for centuries and are just the nature of man.

What could you expect from our repertoire?

Our shows include several action elements, like for example **fire stunts, high falls and jumps, movie fighting, Acar- and motorbike driving scenes, parcourse, acrobatics ...** just everything that belongs to an action-packed show! But we don't forget the entertainment factor, which is important for a good show. In our portfolio we offer shows with and without moderation, shows for families and kids, shows for grownups, interactive ones, where the audience could be a part of the show or just watch and enjoy! Safety is taken care of at any time, even if it's real burning action, in the truest sense of the word.

In the action camp you feel by yourself what it means to be a real stuntman! In various workshops you get deep insights into the stunt basics. First you do a small warm-up for your body to be good prepared for learning all elements which a stuntman needs for his daily work.
